1. General Terms

- A. The general work description and related documents are from herein referred to as the "Proposal".
- B. The specific work to be performed by RP Tellone & Company, Inc. dba: AVSANT herein referred to as "Seller" is outlined as the Scope of Work.
- C. The total amount to be paid by the Customer herein referred to as "Buyer" for the performance, excluding additions and deductions by written change order, shall not exceed the total specified in the Payment Schedule in Section K, below.
- D. No signature is required if a purchase order is received by Seller from Buyer and will constitute as a legal agreement between both parties which includes any required change orders made to the proposal. Buyer's signed Master Service Agreement or terms within a Buyer's purchase order take precedent over Seller's terms; however, any terms or conditions not identified in a Buyer's signed Master Service Agreement, or terms and conditions within a Buyer's purchase order, will be governed by Seller's terms and conditions within, and additional terms as identified in Section 9.
- E. Payments will be made according to the payment schedule below. Equipment will not be ordered until the deposit has been paid. In addition, Seller may require monthly progress payments for product as it becomes available and is delivered to the job site.
- F. Payment is due Net 30 unless stated otherwise on Seller invoice. Unpaid balance beyond 10 days after invoicing as outlined in item K shall bear interest payable to Seller at a rate of 1.5% per month simple interest.
- G. This Proposal expires 30 days following the date stated on the top of this Proposal. Seller reserves the right to refresh and reprice this Proposal if date has expired.

Agriculture 238

Project No : AVSAN-21835

Rev. 0

6/18/2024

H. If job is of a retro-fit/remodel nature on an existing structure, and scope of work exceeds time estimated to complete because of unforeseen circumstances by Seller, or other trades employed by Seller, Buyer agrees to be back-charged at Seller's quoted hourly rate until work is completed. Buyer must confirm that the space is free of or contains hazardous pollutants including asbestos. Unless documented, this Proposal assumes there are no hazardous pollutants. An additional charge may apply where the work is being performed by Seller and has hazardous materials.

I. Seller has included up to (3) CAD revisions, (2) Design Revisions, (2) GUI revisions pre-install and (1) GUI revision after training for aesthetic changes only and (1) Control code revision after system commission and within 30 days of sign off. In addition, Seller has priced up to (3) onsite meetings prior to install start date. Buyer agrees to be back-charged at Seller's quoted hourly rate for additional revisions or travel.

J. Seller reserves the right to replace proposed models in the case of obsolescence, discontinuation, or unavailability with a comparable model of equal or greater value. Seller will not be held responsible or liable in any way for any said product's obsolescence, discontinuation, unavailability, or manufacturer/distributor supply chain disruptions.

K.

| Payment Schedule | Terms |
|--|---|
| Deposit 25% | Due upon receipt of Invoice / or N/A |
| Product Progress Billing – Fulfilled Monthly | Net 30 upon receipt of invoice / or N/A |
| Final Billing | Net 30 upon receipt of invoice |

Payments may not be withheld under any circumstances. Any disputes due to legal claims will be settled independently in good faith between the parties.

2. Proposal Documents and Details

The Proposal documents consist of this Proposal, including general provisions, special provisions, specifications, drawings, addenda, and written Request for Information.

3. Work not covered

Work not covered in this Proposal may not be completed by Seller without a signed change order from Buyer. The costs associated with any related work or materials, including, but not limited to electrical, drywall, painting, cabinets, furniture, flooring, are not included unless specifically documented in the Proposal. Seller is not responsible for any underground trenching or laying or supplying of conduit unless specifically documented. Expedited installation schedules or overnight freight charges are not included in this Proposal unless specifically documented. Buyer is responsible for all wall backing to support weight of displays and power outlets, added, or moved, in specified locations unless specifically documented. Buyer is responsible for any network connections and required IP address.

4. Time/Project Schedule

If Seller is delayed at any time in the progress of the work by Buyer change requests, fire, labor disputes, acts of God or other causes beyond Seller's control, the completion schedule for the work or affected parts of the work shall be extended by the same amount of the time caused by the delay. If access badges, parking permits, keys or dedicated escort are required on this site, Buyer will provide in a timely manner to avoid work delays. Pricing is based on standard business hours, Monday through Friday, based on Buyer working hours. Seller reserves the right to request from Buyer to work after standard business hours or over the weekend to ensure work is completed in a timely manner. Buyer is responsible for site readiness prior to Seller's arrival on scheduled installation date. If Seller installation team arrives and the site is unprepared, a return trip will be required and a Change Order for a remobilization fee will be issued to Buyer. Installations cancelled with less than 3 days written notice are also subject to a remobilization fee issued to the

Buyer via Change Order. Proposal assumes all owner furnished equipment (OFE) is on site, accessible and in good working order. Seller is not responsible for the working condition of OFE equipment. OFE equipment is not covered under the standard workmanship warranty.

5. Hold Harmless

On occasion Seller will, if required, open, test and burn-in equipment in house before delivery which would result in open packages delivered to site. Buyer will hold Seller harmless with respect to claims of subcontractors and suppliers contracted by Seller.

6. Insurance

Seller shall purchase and maintain such insurance necessary to protect from claims under workers compensation and from any damage to the Buyer’s property resulting from Seller. Seller will provide a Certificate of Insurance (COI) upon request.

7. Buyer Change Requests

The Buyer may order changes, additions, or modifications without invalidating the Proposal. Such changes must be in writing by the Buyer or Buyer representative. The Seller shall provide the Buyer in writing the amount of additional costs or cost reductions resulting from changes requested within 30 days unless this requirement is waived in writing by the Buyer. Change Orders shall be paid in full upon signed acceptance of change and shall not alter the Proposal's payment schedule. In case of product unavailability or discontinuation, Seller reserves the right to substitute equipment of equal or better quality. Seller will be held harmless in case of product unavailability, discontinuation, or supply chain disruptions.

8. Warranty

Seller warrants all equipment and workmanship labor involved in an installation for one year. An extended warranty may be purchased upon request. Seller will assist the Buyer with the manufacturer-warranted equipment. Please see www.avsant.com/warranty for general terms of warranty service and further information.

| Payment Schedule | Amount | Due Date |
|-----------------------------------|-------------|----------|
| Deposit | \$0.00 | |
| Equipment onsite Billing | \$0.00 | |
| Final Billing - Customer Sign off | \$57,581.37 | |

SCOPE OF WORK

Functionality Description:

- As part of the A/V refresh for Agriculture 238 Classroom, AVSANT will de-install the center whiteboard, center projector with mount, left and right projectors and mounts, Crestron button panel, back of room PTZ camera, and DVD/VHS combo player. The refresh will include a new 86" 4K interactive display mounted to an e-Box electric wall mount and two new ultra short-throw laser projectors w/ wall mounts. Content to the display and projectors (via Lightware AVoIP decoders) will come from three sources (same image across all three displays/projectors): an OFE PC running a soft codec application along w/ an OFE USB document camera connected to it, an OFE Laptop for BYOD, and a Blu-Ray player. The OFE PC, OFE Laptop and Blu-Ray player will connect to a Lightware 4x2 HDMI/USB-C w/charging switcher. The HDMI output on the 4x2 switcher will connect to a Lightware AVoIP Encoder. With the USB device ports on the back of the 4x2 switcher, this allows for the in room USB audio and video peripherals (Nureva conferencing soundbar and AJA SDI to USB converter) to be ingested into the OFE PC and OFE laptop when in a VTC call. To capture the instructor during a VTC call, AVSANT will install an auto-tracking 20x SDI PTZ camera (located at back of the room) that will connect to an AJA SDI to USB adapter which will be used to convert the SDI signal from the PTZ camera to a USB connection. The USB connection on the AJA will connect to the USB port on the 4x2 switcher. For speech reinforcement (to the far-end) and sound reinforcement (from far-end), AVSANT will install Nureva dual-conferencing soundbars (based on room size) that will tie into the connect module (part of kit) via a shielded CAT6 cable. For system control, AVSANT will install 5" tabletop touch panel w/ Link License. The touch panel will allow the instructor to turn the display and projectors on/off and content source routing and switching. A 10-port PoE+ network switch will be installed at the lectern, this will allow for inner-system communication and connectivity. The OFE PC, Blu-Ray player, Nureva connect module, 4x2 HDMI/USB-C switcher, Lightware AVoIP encoder and network switch will reside in an AVSANT provided Power Lift lectern.

- All de-installed OFE equipment will be turned over to TAMUC personnel for proper storage and/or disposal.
- TAMUC shall provide power to the ViewSonic eBox and BenQ 86" (if needed).

Displays/Projectors:

- One (1) BenQ 86" 4K Interactive Display connected to a Lightware AVoIP Decoder.
- Two (2) ultra short-throw 1080P laser projectors connected to Lightware AVoIP Decoder's.

Source Devices:

- One (1) Lightware 4x2 HDMI/USB-C switcher connected to a Lightware AVoIP Encoder.

- One (1) OFE PC - HDMI/DisplayPort and USB3.0 Connection.
- One (1) OFE Epsom DC-21 Document Camera - USB-B Connection to OFE PC.
- One(1) OFE laptop - USB-C Connection.
- One (1) Blu-Ray player - HDMI Connection via a HDMI to USB-C adapter.

Furniture

- One (1) ViewSonic e-Box electric wall mount w/ 800x600 adapter bracket.
- One (1) Computer Comforts 60" Power Lift Lectern.

Audio:

- One (1) Nureva Dual-HDL410-B Conferencing Soundbar.

Controls:

- Extron 5" tabletop touch panel with LinkLicense.

Conferencing:

- One (1) OFE PC running a soft codec application (i.e., Zoom/MS Teams).
- One (1) OFE laptop for BYOD connectivity.
- One (1) 20x Auto-Tracking SDI PTZ camera connected to a SDI to USB converter..
- One (1) Nureva Conferencing Soundbar

Networking:

- One (1) 10-port PoE+ network switch (isolated) for inner-system connectivity and communication.

Deliverables:

- Upon completion of project (including punch list items), a session will be held for end-user training on how to use the system.
- Closeouts that will be turned over to the customer will include the following: system drawings and programming code (i.e., control and/or DSP).
